

It's Preventable!

TIPS FOR

SHARE THE ROAD safely with motorists. Every year about 200 crashes between farm implements and motor vehicles happen on our public roads - IT'S PREVENTABLE!

- ▲ Plan travel to avoid high traffic times, busy roads, bad weather and times before daylight or after dark.
- ▲ Be more obvious to motorists by using visible reflective SMV emblems and lights for any implement operated on public roadways. It's the law!
- ▲ Watch out for passing vehicles when making left turns, especially into fields.
- ▲ Always use hand or turn signals to indicate plans to turn.
- ▲ Install wide mirrors so you can see traffic that is following you.
- ▲ Use reflective marking tape and reflectors on equipment edges.
- ▲ Turn on farm equipment lights.
- ▲ If road and shoulder conditions are safe, pull over temporarily to allow traffic to pass.
- ▲ Minimize equipment width and haul equipment when practical.
- ▲ Have an escort precede or follow you, when practical.
- ▲ Be aware of drowsiness from long hours of work.

It's Preventable!

TIPS FOR

SHARE THE ROAD safely with farmers and their equipment. Every year about 200 crashes between farm implements and motor vehicles happen on our public roads - IT'S PREVENTABLE!

SPEED AND CLOSING DISTANCE

- ▲ Always wear seat belts and heed the road speed limit.
- ▲ Reduce speed when you see farm equipment on rural roads.
- ▲ Allow for short closing distances when approaching slow moving vehicles.
- ▲ Brake for orange and red reflective triangles that warn of slow moving vehicles.
- ▲ Slow down on gravel roads, hills, curves and turns.
- ▲ Keep safe distance behind farm equipment so farmers can see you. If you can't see his mirrors, he can't see you.
- ▲ Yield to wide equipment on narrow roads.

PASSING FARM EQUIPMENT

- ▲ Be especially cautious of farm equipment turning left onto driveways or fields. They may first pull right for wide turns.
- ▲ Pass farm equipment only if conditions are safe and no on-coming traffic.
- ▲ Farm equipment operators may pull over on the shoulder of road if safe to do so.
- ▲ Farm equipment operators may move to the center to avoid objects on the road shoulder.
- ▲ Do not pass farm equipment on the yellow line, curves or hills. BE PATIENT.
